MONTHLY COMPANY NEWSLETTER

# SPOTLIGHT ON NEWS

---

The StudyNet Group Company continues to publish a monthly newsletter and presents to your attention the **third edition!**

In this e-magazine, you can easily find the latest updates from universities around the world, our new partnership announcements, the benefits it will bring to StudyNet students, scholarship opportunities and virtual events offered by high-ranking universities, and much more.

StudyNet Group has been running close partnerships with a wide range of universities providing full support to local and international students. We will be happy to assist you through the all the processes to make sure you have the best opportunity for gaining higher education.

## **PARTNERSHIP ANNOUNCEMENT**

StudyNet Group Company is excited to share that we have partnered with two US boarding schools - Riverstone International School and Northfield Mount Hermon School.

In Northfield Mount Hermon School it starts in small classes with dedicated teachers. Here students expand their intellectual limits in ways they never imagined. They'll discover that traditional borders begin to break down – between art and science, for example; between social justice and sustainability; between the campus and the global community.

NMH is a great opportunity for your kids to gain international experience in American quality. By the time they graduate, they'll probably be prepared for college and primed to make a meaningful difference in the world.

Located in Idaho, USA, Riverstone is a private, independent school for students in preschool through high school. A specially designed International Baccalaureate program facilitates the process of admitting students to their final year of study and allows them to enter American universities.

# SUMMER SCHOOLS

---

## SUMMER INSTITUTION AT OXFORD

Boost your confidence, develop your language skills, collaborate internationally, and make this summer an unforgettable one at Oriel College.

Over the years, StudyNet Group has always strived to offer suitable educational paths and viable programs that can help people better navigate their lives and their future.

Launching a new partnership with CBL International, we bring to your attention that the **Summer Institute** is now offered at **Oriel College** for college or university students over 18 years of age from **3 July to 13 August 2022**.

This Summer program focuses on a wide range of disciplines and courses taught by renowned faculty members from Oriel College and or other colleges from the University of Oxford. Some of them:

- International Business and Economics
- Philosophy and Politics
- International Law
- English Literature and History
- Science, Technology, Engineering, and Mathematics (STEM)

## SUMMER SCHOOL FOR TEENS

UCL provides a great opportunity for 16–18-years old youngsters who want to experience studying at a top 10 global university.

By starting a **summer school** at **UCL** they will easily expand the use of academic English language and develop key skills including critical thinking, presentation, report writing, and independent study in the center of London. This summer course is unique as, unlike other summer courses, it doesn't just give them more knowledge about one subject but includes a variety of subjects drawn from the sciences, arts, humanities, and social sciences.

The summer school will last from **25 July to 5 August**.

By applying through StudyNet Group, you will be able to take advantage of special partner offers and receive professional guidance and advice from experienced education managers. Through our longstanding partnership with UCL, we are ready to help you through every step of this program and beyond.

# NEW PROGRAMS

---

## NEW STUDY ROUTE FOR INTERNATIONAL STUDENTS

Now our partner provider - ONCAMPUS Paris offers two routes to a degree at KEDGE Business School for students who don't qualify for direct entry.

The program is designed to prepare international students, who have completed senior secondary education, for entry to undergraduate studies at KEDGE Business School. Also, the Undergraduate Foundation Program is set at level 3, which is equivalent to the A-level standard in the UK. The UFP program doesn't require a high IELTS point, so the entry requirement is 4.5 points.

## MBA IN SMART INDUSTRY

With the aim of promoting innovation, technology, and sustainability, as well as student employment opportunities, Wittenborg University has opened two MBA specializations in Clean Technology and Smart Industry.

Starting from August 2022, **MBA in Clean Technology and Smart Industry** will be offered in **Amsterdam**.

Wittenborg offers a student-centered experience, a personalized, client-focused approach to higher education with excellent student support.

## NEW PROGRAM OF UE GERMANY

For the upcoming period, UE Germany continues to provide full support to the students who are dreaming of studying abroad. Applications for the September 2022 intake are now open for the offered new program, BSc Psychology in English at UE.

Through this program, you will gain various majors such as Corporate health management, Rehabilitative psychology, etc.
